Freedom of Information Request

Crewkerne Town Council  
Town Hall  
Market Square  
Crewkerne  
TA18 7LN

Crewkerne, 21 September 2020

Dear Sirs

As the owner and resident at [REDACTED], Crewkerne I have only recently been made aware of the fact that there is a new owner of the land to the back of my property, which is currently defined as the land to the east of North Street by the Land Revenue.

To my knowledge it was previously owned by the owners of the property at no. [REDACTED] although they haven't lived at this address since I have been at no. [REDACTED]. During the last 18 years, since I have lived at the aforementioned address I have been responsible for the upkeep of the land in question.

I would now like to know the involvement of the Council in this transaction which took place in 2017. Apparently it is associated with the wall falling down onto North Street (and subsequent repairs) in the land that had no defined ownership, according to the Land Registrar, between no. 40 and no. 42 North Street.

I thus request to see all the relevant documentation involving the Council's participation in this transaction under the Freedom of Information Act.

Yours faithfully
