SUPPORTING REPORTS TO FULL COUNCIL – 12 DECEMBER 2022

Agenda Item 4c: To clarify Minute 41/22-23 as per the recommendation of the internal auditor.

Background:

Minute 41/22-23 of the Full Council meeting held on 27 June 2022 reads:

- <u>41</u> TO RECEIVE THE FOLLOWING MINUTES AND APPROVE ANY RECOMMENDATIONS CONTAINED 22/23 <u>THEREIN:</u>
 - Staffing Committee 6 June 2022. a.
 - Planning and Highways Committee 11 April 2022 and 23 May 2022.
 - b. c. Joint Burial Committee 5 April 2022.
 - d. Amenities Committee 14 May 2022.

The internal auditor notes that the minutes do not state that these sets of minutes were received and any recommendations formally approved.

Recommendation:

The recommendation of the internal auditor is that Full Council resolves that these minutes were in fact received and any recommendations approved.

<u>Agenda Item 7</u>: Bincombe Beeches: to consider a proposal for compensatory tree planting of 100 donated trees or donation to an earmarked tree planting fund.

Background:

Further to the agreement at November Full Council about the general principle of compensatory tree planting being welcomed on Crewkerne Town Council open spaces, the following detailed proposal has been received from the arborist.

"Two landowners have a mature boundary beech tree that they have agreed should be removed; both their properties are densely treed and they do not have space for suitable compensatory planting, therefore I have proposed that on the basis of the size of the objective estimated size of the tree they wish to remove ($^{\sim}$ 100cm stem diameter beech) they offer 100 new trees and labour planting costs up to a value of $^{\sim}$ £750. This is based on the estimated costs of mixed species saplings & shelters/stakes/mats/pegs @ £5 per tree plus £250 labour planting costs.

The tree is within a conservation area and therefore when the planning app/notice is submitted we wish to be able to demonstrate we can enable real local compensatory tree planting that will provide as much or more public benefit than the existing tree. - for environmental sustainability purposes.

From my local knowledge and experience for CTC I know that removals of diseased ashes at Bincombe Beeches is happening, and I suggest the 100 new trees could be accommodated as replacement planting within the existing woodland and/or as peripheral planting as CTC prefers. Species would be chosen to suit the location and conditions; details of which can be supplied up front.

A trusted local contractor could be supplied with the specifications and commissioned directly. Or alternatively the funds could be allocated to CTC tree fund.

Please ask the council if this proposal is acceptable. If it is then I will apply to SSDC to remove the tree and tell SSDC that we have agreement with CTC for local compensatory planting. I am happy to discuss any details with anyone at CTC or the SSDC tree officer".

Recommendation:

Councillors to agree whether they would like to accept new trees and labour costs for tree planting as outlined above, OR whether they would like the equivalent funds allocated to an earmarked tree planting fund held by Crewkerne Town Council.
