

Response to FOI request from [REDACTED] dated 13 June 2022

Request for information: Crewkerne War Commemoration Trust Recreation Ground - Charity number 304528

As a Freedom of Information request, could you tell me please, if the Trustees of the above charity, or the Town Council, have informed the Charity Commission, at any time, that the open space has been closed to members of the public for the last few years, and that the only users of the land are members of the Bowls Club. Also, was the Charity Commission notified that a large sign, advertising the Bowls Club, had been erected. The position of this sign implies that the whole area "belongs" to the Bowls Club?

Response:

Thank you for your email of 13th June 2022, requesting the above information under the Freedom of Information Act.

I have conducted a search of the records held by the Town Council and the War Memorial Commemoration Trust and have been unable to find any correspondence to the Charity Commission on either the matter of the status of the space, or the Bowls Club signage erected on the land.

In accordance with usual procedure this request and the response will be copied to all Town Councillors and published on the CTC website.

Kind regards,

K. Sheehan

Town Clerk
