a. Somerset Councillors

The following points were raised:

- A new public consultation has opened on local nature recovery. It was noted that there is a shortage of black poplars in the area, and there may be an opportunity to purchase some at a

later date. As these trees are dioecious, it was suggested that local schools could be involved in planting and growing them until they can be identified as male or female.

- The Council were informed of a new *Go Green* grant, offering between £2,000 and £15,000 to local businesses for environmental improvements.
- It was noted that Somerset Council has not invested significantly in Crewkerne, and the Council's unitary representatives are seeking ways to secure improvements for the town.
- Signage outside the Town Hall has been amended to direct HGVs along a preferred route.
- It was noted that there has been an increase in weeds around the town, despite spraying having been carried out.
- Concern was raised regarding one of the Dorset service buses operating between Crewkerne and Beaminster, as the high number of school children using the service, alongside members of the public, has resulted in the bus reaching capacity before arriving at the school.

Cllr. Head reported that focus groups were taking place to consider the success of the LCN meetings.

The Clerk has been unable to obtain a report due to the change of police staff.

The conclusion of the audit was noted.

A representative from the fire service explained that the exercise would ideally take place on a Tuesday evening and, if approved, a more detailed plan would be provided and the Council's Operations Manager involved.

The request to use the GRC for a fire exercise was AGREED, subject to the submission of a detailed plan and risk assessment.

**077 TREE STUMP**

**25/26 To consider a proposal from Crewkerne in Bloom**

Cllr Head explained that Crewkerne in Bloom would like to commission a wooden planter to be placed on the tree stump in Market Street. The planter would be filled with perennial plants and would provide a more cost-effective alternative to removing the stump and roots.

Councillor Head left the room.

Councillors made the following comments:

- It was noted that it had previously been agreed to seek a quotation for the removal of the stump and replacement of the tree.
- A new Tree Officer will be appointed at Somerset Council shortly, after which they will be able to provide a quotation.
- A query was raised as to whether the cost of removal should be met by Somerset Council.
